Child Trust Fund and help for families: under threat

## Labour is building a future fair for all across Leicestershire

At this election our country faces the biggest choice for a generation. Labour will secure the economic recovery, protect frontline services and extend its support for communities and families. A Conservative party committed to taking billions out of the economy would kill the recovery, hit jobs and put at risk the services families in Harborough rely on.

The choice is clear for Harborough. If you value your Sure Start centre, if you want to protect our frontline services, including schools and police from Conservative cuts then I urge you to vote Labour on Thursday, 6 May.

### A message from Gordon Brown

“ Our aim is a modern, progressive Britain based on fairness, respect, decency and openness. ”

Gordon Brown  
Prime Minister & Labour Party Leader

### Our pledges to you

- **Secure the recovery**  
...and halve the deficit through economic growth, fair taxes and cuts to lower priority spending.
- **Raise family living standards**  
...keeping mortgage rates as low as possible; increasing tax credits for families with young children; providing new help for first-time buyers; and restore the link between the state pension and earnings from 2012.
- **Build a high tech economy**  
...supporting businesses and industry to create 1 million more skilled jobs and modernising our infrastructure with High-Speed Rail, a Green Investment Bank and broadband access for all.
- **Protect frontline services**  
...investing in policing, schools, childcare and the NHS, with a new guarantee of cancer test results within a week.
- **Strengthen fairness in communities**  
...through an Australian style points-based system to control immigration; guaranteed education, apprenticeships and jobs for young people; and a crack down on anti-social behaviour.

## A future fair for all

### NHS Waiting Lists Halved

“ Since 1997, waiting lists in the East Midlands have been cut in half - with nearly everyone receiving inpatient treatment within six months. ”

### Securing the Economic Recovery

“ Labour has taken steps to secure the economic recovery and to protect jobs - steps opposed by the Tories. ”

### Introduced the first ever Climate Change Bill

“ The 2008 Climate Change Act puts into law our targets to cut greenhouse gas emissions by 34 per cent (on 1990 levels) by 2020. ”
